

R E M A R K S

The Examiner has restricted the Claims into the following Groups:

- Group I: Claims 1-10, drawn to polypeptide compositions;
- Group II: Claims 11-17 drawn to polynucleotide compositions including antisense oligonucleotides and methods of use;
- Group III: Claims 18-25 drawn to methods of identifying an effective agent that modulates specific protein-protein interactions; and
- Group IV: Claims 26-29 drawn to methods of modulation of protein activity in a cell.

Applicant hereby elects Group II, without traverse. Applicants reserve the right to prosecute the cancelled Claims in subsequently filed application(s) (e.g., Divisionals). Should the Examiner have any questions regarding this Response, Applicant encourages the Examiner to call the undersigned collect.
